BRITISH ANTARCTIC SURVEY

BULLETIN

No. 53 June 1981

CONTENTS

	PAGE
Freshwater biology at Rothera Point, Adelaide Island: II. Algae. J. PRIDDLE and J. H. BELCHER	1
Geological observations in the Moraine Fjord area, South Georgia. B. F. MAIR .	11
The immune response of the Antarctic teleost <i>Notothenia rossii</i> to the bacteriophage MS2. J. G. O'NEILL	21
Upper Cretaceous inoceramids (Bivalvia) from the James Ross Island group and their stratigraphical significance. J. A. CRAME	29
The Signy Island terrestrial reference sites: XII. Population ecology of nematodes with additions to the fauna. N. R. MASLEN	57
Geology of an Upper Jurassic-Lower Cretaceous island-arc assemblage in Hauge Reef, the Pickersgill Islands and adjoining areas of South Georgia. P. W. G. TANNER, B. C. STOREY and D. I. M. MACDONALD	77
Types of peat and peat-forming vegetation on South Georgia. R. I. L. SMITH .	119
Storm surging in South Georgia. J. D. HANSOM	141
A permineralized wood flora of probable early Tertiary age from King George Island, South Shetland Islands. R. C. LUCAS and W. S. LACEY	147
A Lower Permian flora from the Theron Mountains, Coats Land. W. S. LACEY and R. C. LUCAS	153
The Triassic flora of Livingston Island, South Shetland Islands. W. S. LACEY and R. C. LUCAS	157
Early Tertiary calc alkaline volcanism on Alexander Island. R. W. BURN . .	175
Observations on <i>Coomansus gerlachei</i> (de Man) (Nematodae: Monochidae), a predacious nematode from the Antarctic. V. W. SPAULL	195
Geology of the Shackleton Range: IV The dolerite dykes. P. D. CLARKSON .	201
The geology of Annenkov Island. T. H. PETTIGREW	213
Short notes: Organochlorines in Antarctic marine systems. W. A. M. COURTNEY and W. J. LANGSTON; The place-names "Greater Antarctica" and "Lesser Antarctica" versus "East Antarctica" and "West Antarctica". B. ROBERTS; Comments on the paper by Brian Roberts. G. HATTERSLEY-SMITH; Observations on particulate material in sea-water, during winter at Signy Island, South Orkney Islands. T. M. WHITAKER	255
Reports on Antarctic field work: Ecology of terrestrial Arthropoda of selected communities at South Georgia. C. C. WEST; Cellulose decomposition on South Georgia. M. J. SMITH; Studies of arthropod cold hardiness. W. BLOCK and L. SØMME	263
British Antarctic Survey Data	267
